

Technical drawing showing two views of a mechanical assembly. The left view is a side elevation showing a vertical component with a top flange. Dimensions: top flange width 0.2, total height 0.76, base height 0.68. The right view is a front elevation showing a horizontal component with a top flange. Dimensions: top flange width 0.2, total height 0.087, base height 0.35, and a vertical distance of 0.7 between the base and the top flange. The overall width of the assembly is 1.4, and the overall height is 1.8.

Plan view

The plan view shows a building layout with the following dimensions:

- Overall width: 3.4
- Overall height: 6.8
- Top horizontal segments: 1.8 and 1.4
- Left vertical segments: 3.3 and 3.3
- Internal horizontal segments: 1.4, 1.6, 1.6, 1.4
- Internal vertical segments: 2, 2, 2
- Offset dimensions: 0.087 and 0.2

The Contractor should satisfy himself to the accuracy of all measurements shown in relation to existing features. Critical measurements through barrier to be maintained.

1. **WELDING** All welds to be continuous seam or fillet welds. Any irregularities to be ground down prior to galvanising.
2. **GALVANISING** All fabricated steelwork to be hot-dipped galvanised to BS EN 1461 All steel surfaces shall be free of any slag, splatter or grease.
3. **POWDER COATING** All galvanised surfaces to be powder coated to colour RAL 9005 colour (Black).
